HAND TOOLS

AMCO TOOLS

AMCO has been a trusted name in engineering workshops and training centres across SA since the 1960's. Over this time, we have built up a comprehensive range of machine tools and we now bring that exacting mix of quality and strength to a new range of hand tools and welding equipment built for the South African workshop. **NOT AVAILABLE**

ARMOR TOOL

Armor Tool's many patents translate to unique advantages that sets the company apart and provides real value for end users. For years, the Poole family has invented tools that have shaped the tool market. Armor Tool's current line of clamps features patented auto adjust clamping and compound leverage technology.

BONDHUS

Bondhus manufactures the highest quality tools available. Every tool is backed by an unconditional lifetime warranty. A warranty is only as good as the company standing behind it, and Bondhus has been the leading innovator in the tool industry for more than 50 years.

FIXMAN

The name says it all. "There is a bit of handyman in all of us..." Fixman is a new range of presentable, quality and affordable hand-tools that was first introduced to Australia in September 2012. The range is comprehensive and is designed to suit the DIYer or Home Handyman. You will notice the difference when you see the Fixman range.
